

The Baptist Connection headed for Honduras in May '09.

They were short one doctor. Their solution? They were joined by Doctor Jorge (a Cuban doc working at the Ciriboya Hospital) and Doc Malissa (a Honduran doc from the Ciriboya Hospital).

One interesting things they have started is a Pastor's conference, let by the pastor from Mt. Vernon and joined my Pastors Roberto (Mt. Vernon South) and Pastor David (Limon) and 50 other Cruzado pastors from the surrounding villages.

The conference was held in Limon at the Cruzado Church.

The team spent time with the Girls of Shalom. They enjoyed a unique dance presentation by the girls in La Ceiba.

While in Limon, they worked with the kids of the Limon Nurture Center with hot dogs and balloons.

The Baptist Connection once again showed how to turn adversity into creativity.
